RUTIK SANKAPAL

Cloud Engineer | Cloud Operations & Support | AWS · Azure · GCP · OCI

Mumbai, India • +91-9082486697 • rutiksankapal98@gmail.com • linkedin.com/in/rutik-sankapal98

PROFESSIONAL SUMMARY

Cloud Engineer with 2+ years of experience across L1–L2 operational support, incident management, and infrastructure automation for 50+ BFSI and enterprise clients on AWS, Azure, GCP, and OCI. Strong background in monitoring and RCA, security hardening, IAM/access management, and DR/BCP execution in regulated, high-availability environments. Hands-on with Terraform, Kubernetes, Bash/Python automation, and CI/CD fundamentals, with certifications across all three major cloud platforms and additional professional-level and specialized certifications currently in progress. Comfortable operating anywhere from L1 ticket triage to architecture and presales support.

CERTIFICATIONS

- AWS Certified Solutions Architect – Associate · Microsoft Certified: Azure Administrator Associate
- Google Cloud Associate Cloud Engineer · Kubernetes and Cloud Native Associate (KCNA)
- Currently preparing: AWS Certified DevOps Engineer – Professional, Certified Kubernetes Administrator (CKA), and additional cloud security & automation certifications

EXPERIENCE

NuSummit Technologies — Navi Mumbai, India *Jul 2024 – Present*

Cloud Solutions Associate (Apr 2026 – Present); prior: Cloud Associate, Cloud Engineer, Trainee Cloud Engineer

- Manage and support multi-cloud infrastructure (AWS, Azure, GCP, OCI) for a regulated financial services client, progressing from L1 support to broader ownership of operations, automation, and presales solutioning.
- Designed and validated a Bash-based server hardening automation framework across Amazon Linux, RHEL, and Ubuntu, and built an AI-powered assistant generating CIS/STIG-aligned checklists mapped to NIST, ISO 27001, and PCI DSS — recognized with a Bravo Award.
- Planned and executed Disaster Recovery drills validating failover against defined RTO/RPO targets and delivered production monitoring/incident response using New Relic and Site24x7, maintaining 99%+ SLA compliance.
- Acted as Technical Account Manager (TAM) for GCP accounts and contributed to technical proposals and architecture recommendations for cloud infrastructure engagements.
- Recognized with three Bravo Awards: highest ticket resolution volume, OS hardening delivery, and DR execution.

PROJECTS

- AWS Automated Inventory & Reporting System — Serverless pipeline (EventBridge, Lambda, S3, SES) delivering scheduled, versioned, audit-ready AWS resource reports under a least-privilege IAM model.
- AI Cloud Architect – Infra Diagram Builder — AI tool that converts natural-language infrastructure requirements into cloud architecture diagrams and reference designs across AWS, Azure, and GCP.
- Security Analysis Summarizer — AI-driven tool that parses security scan and log output into prioritized, plain-language risk summaries with remediation guidance.
- Cloud Cost Guard – Cost Optimizer — Analyzes multi-cloud billing and usage data to flag idle/underutilized resources and recommend cost-saving actions.

TECHNICAL SKILLS

- Cloud Platforms: AWS, Microsoft Azure, Google Cloud Platform (GCP), Oracle Cloud (OCI)
- Infrastructure & Containers: Terraform, Kubernetes, Docker, CI/CD fundamentals
- Operating Systems: Linux (RHEL, Ubuntu, Amazon Linux), Windows Server
- Scripting & Automation: Bash, Python, PowerShell
- Monitoring & Observability: New Relic, Site24x7, OpManager, CloudWatch, Log Analysis
- Security & Compliance: IAM/Access Management, CIS Benchmarks, STIG, NIST 800-53, ISO 27001, PCI DSS, GDPR
- Operations: Incident & Problem Management, RCA, SLA-driven Support, DR/BCP
- Languages: English (Professional), Hindi (Fluent), Marathi (Native)

EDUCATION

Master of Computer Applications (MCA) — Late Bhausaheb Hiray College, Mumbai 2022 – 2024 • 8.15 CGPI

B.Sc. Information Technology — PTVA's M.L. Dahanukar College of Commerce, Mumbai 2019 – 2022 • 8.88 CGPI
